

Men of Bury, come and get your AAA screening!

Abdominal Aortic Aneurysm (AAA) is when the wall of the aorta in the abdomen becomes weak. If you have an aneurysm you will not usually notice any symptoms. This means you cannot tell if you have one.

The event is for men who are ages between 64 - 66 who have not previously been screened.

Bury FC, Gigg Lane, Bury, BL9 9HR

Wednesday 1st April
and Wednesday 6th May
9am - 4pm

Booking essential, please call 0161 291 5716

For more information,
