Covid-19 vaccinations for eligible people when they are due Walk-in or book

Our vaccination clinics offer first, second and booster vaccinations to eligible people when they are due.

The spring booster campaign has come to an end, but we will be offering the autumn booster to eligible groups from September. Further details will follow.

To ensure maximum protection ahead of the winter period, the following groups of people are now advised to wait until the autumn for their next booster:

- People who turn 75 years old on or after 1 July 2022
- People who had a spring booster on or after 21 March 2022

Our evergreen offer for anyone who hasn't had their initial doses or booster, or were eligible for a spring booster before 1 July 2022, including those with a [weakened immune system](#), will continue over the summer months.
